

Dear Guest, you are invited to attend the next WebEx online meeting:

## iDistributedPV

**Date** Friday, 31 January 2020  
**Time** 10:00 | Europe Time (Rome, GMT+01:00)  
*(access is allowed up to 15 minutes before the scheduled start time)*

**Meeting Number** 959 544 289  
**Meeting Password** 6gErEaMV

*use the button on the side to directly join the online meeting*

*or click the link on the side and browse RSE's scheduled meetings*

<https://rsespa.webex.com>

### Online meeting information:

A communication device featuring built-in microphone and speakers is the basic equipment; webcam is required only if you like sending your image. Computers, tablets or smartphones are suitable devices for a full participation in the meeting; mobile or fixed phones may be used for voice calls only. In case you are behind a proxy or firewall, ask your network administrator to make sure whether connections to WebEx are allowed.

**MOST IMPORTANT:** right after you got access into the meeting, you must connect your audio and optionally your video. A number of modes are available for audio connection, therefore, don't forget to choose the one you prefer between the following:

- Call Using Computer .....via VoIP – toll free call
- I will Call In .....via phone – toll call

For any option, you will be helped by a wizard.

When you opt for a computer call, you may use either a headset or your device built-in audio equipment; please, do not connect any other kind of external input/output audio device, unless it provides echo cancellation capabilities.

If you plan to join the meeting merely through a phone call, without computer usage, [click here](#) to get the updated table of global call-in numbers.

*You can also refer to the call-in phone numbers table on the next page, but be aware it is subject to change.*

### IMPORTANT NOTICE:

By joining the meeting you agree that audio, video and any other information sent during the session may be recorded. If you have any concerns about it, please contact [webex\\_rse1@rse-web.it](mailto:webex_rse1@rse-web.it), making sure to quote the meeting number.

To check whether you have the appropriate players installed for UCF (Universal Communications Format) rich media files, [click here](#)

WebEx will automatically setup Meeting Manager for Windows the first time you join a meeting. To save time, you can setup prior to the meeting by clicking [here](#)

Or even join a test meeting [here](#)

**Tips:**

- **USE HEADSET (recommended)**  
*using of the headset, instead of microphone and speaker devices, is strongly recommended: in this way you'll experience a much better communication quality, avoiding to bring acoustic echo issues (unless you are using a device with echo cancellation capability).*
- **MANAGE YOUR MICROPHONE**  
*mute your microphone while you are not talking; in this way you do not bring environmental noise and acoustic echoes - mute/unmute button is located in the participant window*
- **WAIT FOR A BIT**  
*voice transmission is not so fast as it would be through a phone line; that's why you should expect a little delay in receiving answer from another participant: please don't hurry to ask if you've been heard, it's likely that answer is coming in the meantime.*

Call-in phone numbers: subject to change
